

AUBURN WATER SYSTEM, INC
 3097 LOCKE LN
 CRESTVIEW, FL 32536
 850-682-1258 OR 850-682-3413 ~ FAX 850-398-6643

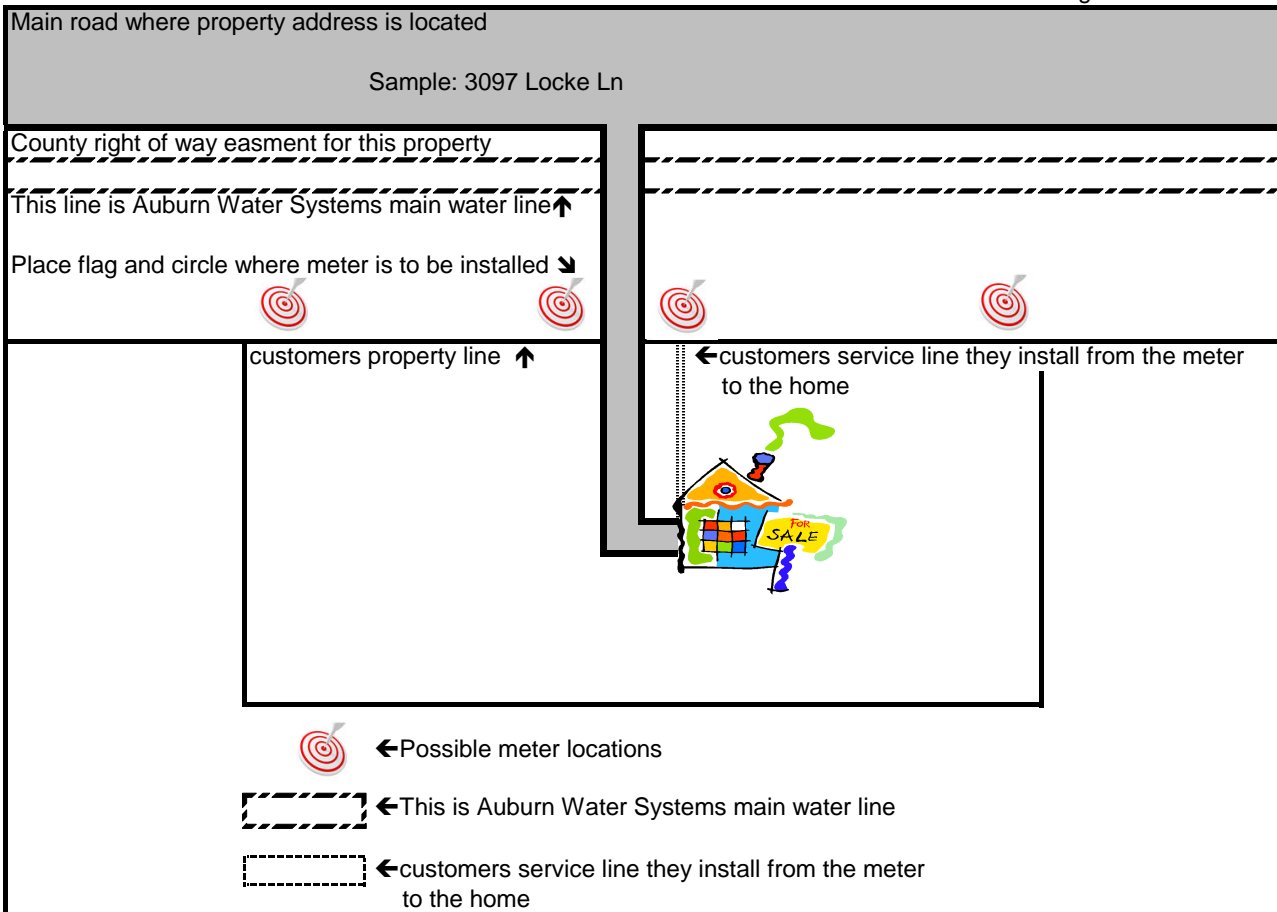

To all new customers who are purchasing a new installation for a water meter to be installed:

The meter should be placed on the county right of way easment as close to the customers property line as possible. Usually on either side of the drive way or either right or left corner of property line

When Auburn Water System gives you your flag to mark where you want the meter to go you must also include a blue circle spray painted about twelve inches in diameter around the flag on the ground so the installer will know exactly where the meter is going.

We apologize for any inconvenience this may cause but will help to insure the meter will be placed in the proper location.

Once the meter is installed and the customer wants it moved there will be additional charges.
