Effective Immediately:

It is required by the City of Crestview that all NEW customers that are on Auburn Water System and have city sewer and/or trash service must contact the city to make application for their services.

Auburn Water System will not turn water on until we have confirmation from the city either by e-mail or fax that they have made application with them.

The existing customers will be grandfathered in and will not require a deposit unless they default on their bill.

On those addresses they will have to be turned off and then turned on – no more final read leave on for those addresses.
